Want to visit a virtual world? Challenge yourself through serious gaming? Or perhaps feel the realism of immersive simulations? These opportunities and more await you at I/ITSEC...the world's largest simulation, modeling and training. Join us for a unique opportunity to hear from industry experts in medical simulation, gaming and cybersecurity then visit the I/ITSEC Exhibit Hall. This is a true STEM experience for teachers and administrators in all disciplines!

REGISTRATION & RSVP

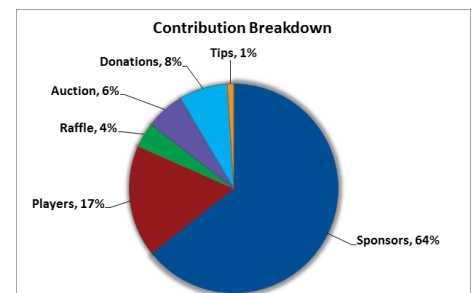

(Registration Deadline is November 10th)

COMMUNITY SPOTLIGHT

The [DiSTI Duffer Charity Golf Tournament](#) benefiting the Central Florida STEM Education Council and our community was held on Sunday October 14. Many thanks go out to the DiSTI Corp. for their hours of support for making this a bigger event every year. This year we had five silver sponsors; Fairwinds CU, JLL, Delta Capital Management, Vision Engineering Solutions, and the UCF

Business Incubation Program, four bronze sponsors, and 9 tin cup sponsors. Together, with these sponsors, 91 players, and prize donations from Universal, Sea World, Legoland, Publix, Cole Engineering, and Digital Escape Rooms and others, we raised \$18,265 for STEM camps and activities! For ALL of you that participated in the Duffer, THANK YOU! It's because of your support we are able to impact STEM education and the STEM workforce pipeline.

November 2017 *(continued)*

HELPFUL RESOURCES

- [2nd Annual K5 STEAM Conference](#) will be hosted on December 14th & 15th to help gain ideas relating to an interdisciplinary STEM curriculum
